

What's New: Updates to the OSHA Hazard Communication Standard

Thursday, June 16, 2022, 1:00 p.m. EDT

On 6/16/2022 at 1:00 p.m. EDT, the SMCX will host the "What's New: Updates to the OSHA Hazard Communication Standard" webinar.

This webinar summarizes the proposed updates to the Occupational Safety and Health Administration's (OSHA) hazard communication (HAZCOM) standard, 29 CFR 1910.1200. The proposed update aligns the HAZCOM standard (HCS) with Revision 7 of the Globally Harmonized System of Classification and Labeling of Chemicals (GHS). This webinar discusses each proposed change and identifies actions to maintain workplace HAZCOM compliance.

This introductory-level webinar is beneficial to personnel wanting to learn more about proposed rulemaking updates to the OSHA HCS. Personnel gaining the most benefit from this presentation may include safety and occupational health (SOH) professionals; managers and supervisors; personnel responsible for maintaining authorized use lists and chemical inventories; personnel responsible for issuing hazardous materials; and Unit Safety Officers such as Collateral Duty Safety Officers (CDSOs) and Additional Duty Safety Officers (ADSOs).

Please click the article headline or registration link [here](#) to register for this FREE webinar.

NOTE: We will be capping attendance at 100, so be sure to register early!

For additional information on the SMCX's services, please visit the SMCX-hosted website at: <https://www.smscx.org/>.
