

Getting SMART with SOHMS Goals and Objectives: What You Need to Know

Thursday, April 21, 2023, 3:30 p.m. ET

On 4/21/2023 at 3:30 p.m. ET, the SMCX will present the “Getting SMART with SOHMS Goals and Objectives: What You Need to Know” webinar via the 31st Annual Joint Safety and Environmental Professional Development Symposium (PDS) hosted by the Naval Safety and Environmental Training Center.

This webinar focuses on creating goals and objectives to support your safety and occupational health management system (SOHMS). The webinar distinguishes between goals and objectives and explains the importance of goal setting at your organization. It also summarizes the importance of having specific, measurable, achievable, relevant, and timely (SMART) goals and objectives to facilitate improvements to the SOHMS. The webinar wraps up with information on developing, communicating, monitoring, and measuring SOHMS goals and objectives.

This introductory-level webinar is beneficial to personnel wanting to learn more about creating SMART goals and objectives. Attendees should have a basic understanding of goal setting prior to this webinar. Personnel gaining the most benefit from this webinar may include safety staff, SOHMS representatives, safety committee members, and others interested in goal setting for SOHMS improvements.
