

Getting 'SMART' with Safety Goals and Objectives: Goal Setting at Your Organization

Thursday, May 18 21, 2023, 1:00 p.m. ET

On 5/18/2023 at 1:00 p.m. ET, the SMCX will present the "Getting 'SMART' with Safety Goals and Objectives: Goal Setting at Your Organization" workshop.

This workshop focuses on creating specific, measurable, achievable, realistic, and timely (SMART) goals and objectives. This workshop provides information on the SMART criteria and how to apply it to your organization's expectations. In addition, the workshop includes activities such as drafting overarching goals for safety and occupational health management system (SOHMS) improvement and revising goals and draft objectives to make them SMART.

This workshop is beneficial to personnel wanting to learn more about creating SMART goals and objectives.

Attendees should have a basic understanding of goal setting prior to this workshop. Personnel gaining the most benefit from this workshop may include Safety staff, SOHMS representatives, and Safety committee members.
