

June is National Safety Month

June is National Safety Month, as celebrated by the National Safety Council (NSC). Thousands of organizations join the NSC's annual observance. The NSC has a dedicated website with information and free materials to share with your organization, available at:

<https://www.nsc.org/workplace/national-safety-month>.

The NSC focuses National Safety Month on reducing the leading causes of work injuries and fatalities, both at work, on the road, and in your homes and local communities. The NSC provides downloadable resources highlighting a different safety topic for each week in June.

Topics for 2023 include: *Emergency Preparedness, Slips, Trips and Falls, Heat-Related Illness, and Hazard Recognition.*
