

# Developing a Hazard Reporting and Tracking Process

*Thursday, July 20, 2023, 1:00 p.m. ET*

On 7/20/2023 at 1:00 p.m. ET, the SMCX will present the “*Developing a Hazard Reporting and Tracking Process*” webinar.

This webinar focuses on why and how to develop an effective hazard reporting and tracking process. It also reviews common challenges associated with these processes. Finally, this webinar discusses hazard reporting and tracking best practices found at DoD organizations.

This intermediate-level presentation benefits personnel wanting to learn more about developing an effective hazard tracking process. Attendees should have a fundamental understanding of hazard identification prior to this webinar. Personnel gaining the most benefit from this presentation may include safety and occupational health (SOH) professionals, Industrial hygienists (IHs), Additional Duty Safety Officers (ADSOs), Collateral Duty Safety Officers (CDSOs), and Unit Safety Officers (USOs).
