

# Overcoming a Plateau to Strengthen Your Star Quality

*Thursday, May 20, 2021, 1:00 p.m. EDT*

On 5/20/2021 at 1:00 p.m. EDT, the SMCX will host the “Overcoming a Plateau to Strengthen Your Star Quality” webinar.

This webinar provides strategies for continuous improvement in a safety management system (SMS), specifically, the Occupational Safety and Health Administration’s (OSHA) Voluntary Protections Programs (VPP). It presents ideas to help maintain a proactive safety culture, managing stakeholder turnover, and develop an outreach program. It also discusses how to use your annual self-evaluation to capture SMS improvements. Finally, this webinar covers lessons learned and best practices from DoD sites successfully maintaining a level of excellence, and what they do to conquer the challenges of sustaining Star quality.

This presentation is beneficial to personnel wanting to learn more about keeping your SMS alive, well, and vibrant after becoming an OSHA VPP Star site. Attendees should have an intermediate understanding of SMSs and sustainment prior to this webinar. Personnel gaining the most benefit from this presentation may include: Commanding Officers and Directors, Safety and Health (S&H) Staff, VPP Coordinators, Safety Committee Members, and Union Presidents & Representatives.
