

NEW! OSHA COVID-19 Guidance Updates

“Protecting Workers: Guidance on Mitigating and Preventing the Spread of COVID-19 in the Workplace”

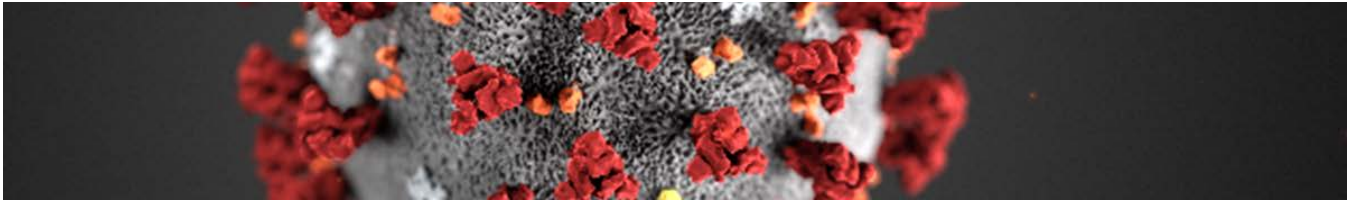

Image retrieved from [OSHA](#)

As part of its ongoing efforts to support Coronavirus Disease (COVID-19) efforts across the country, the Occupational Safety and Health Administration (OSHA) continues to update the various data sources, publications, and webpages on its' Coronavirus Disease (COVID-19) page (<https://www.osha.gov/coronavirus>).

On June 10, 2021, OSHA updated its *“Protecting Workers: Guidance on Mitigating and Preventing the Spread of COVID-19 in the Workplace”* webpage (<https://www.osha.gov/coronavirus/safework>). This latest revision provides guidance on how to focus prevention efforts on unvaccinated and other at-workers, provides information on vaccination, and provides additional links to other recently-updated guidance.
