Contractor Management and Oversight in the SMS World

Thursday, January 20, 2022, 1:00 p.m. EST

On 1/20/2022 at 1:00 p.m. EST, the SMCX will host the "Contractor Management and Oversight in the SMS World" webinar.

This webinar focuses on contractor management and oversight as it supports your organization's safety and occupational health management system (SOHMS). The webinar reviews several requirements and expectations for contractors in your SOHMS, including key reference documents, contractor types, key phases of the contracting process, and responsibilities. The key to a successful contractor management and oversight program is clear lines of communication and coordination between contracting office, contracting representatives, contractors, and safety personnel. This webinar describes the importance of these communications and reviews topics of discussion. The webinar concludes with best practices shared from other DoD organizations.
