

DOD SUCCESSES

The Department of Defense Safety Management Center of Excellence (DoD SMCX) has assisted more than four hundred and fifty sites on their journey to safety excellence over the past fourteen years, whether it is in the quest for Occupational Safety and Health Administration (OSHA) Voluntary Protection Programs (VPP) Star, OSHA Challenge, Service, or other Star. Data has shown that a site pursuing a Safety Management System (SMS) shows reduced Total Case Incident Rates (TCIR) and Days Away, Restricted or Transferred (DART) Rates.

“ The support we’ve received from the SMCX has been superb in every way. We’ve been working with them for nearly 4 years and they have been beside us all the way as we’ve implemented VPP. The safety professionals at the CX are more than consultants; they are part of our base’s safety team. ”
